Q. Jani King requires that all Franchise Owner employees have a criminal background check run. We suggest to our Franchise Owners a third-party company that goes beyond the parish that the local background checks would provide. What level of background check does Nicholls State University require?

A. The use of a third party to obtain background checks is acceptable to Nicholls State University, as the University uses a third-party contractor to obtain criminal background checks on employees during the hiring process. The background check shall be a Nationwide criminal background check using Social Security Number Verification to verify all previous names and locations on the individual being screened.
