In addition to academic support and traditional coursework at the university level, the College of Education and Human Sciences and Technology Education Center (SciTEC) division leads outreach and education efforts to serve PK-12 students and support stakeholders, including teachers and parents.

Louisiana Tech University has determined the need to contract for quality content resources accompanied with an effective online platform for delivering the content and assessing the student learning goals aligned to the content. This collaborative effort aims to provide learners with content to meet some core educational needs and a means for assisting these and other students to upskill and reskill. Essential to achieving that fundamental objective is the platform's capacity to provide a means of accessing or creating training and crucial professional development resources for instructional faculty and staff, and parents. The term of this Contract is for one calendar year. Term of Contract will be April 26, 2024 through April 25, 2025. Upon mutual agreement, the term of this Contract can be extended twice for one-year renewals.
