Jefferson Parish Purchasing Department

Bidders must acknowledge all addenda on the bid form. Bidder acknowledges receipt of this addendum on the bid form by indicating the addendum number listed above. Failure to list each addenda number on the bid form will result in bid rejection.

This addendum is a part of the contract documents and modifies the original bidding documents and specifications. The contents of this addendum shall be included in the contract documents. Changes made by this addendum shall take precedence over the documents of earlier date.

PERIOD OF AGREEMENT

The term of the contract shall be for two (2) years.

INVOICING

Bid pricing shall be provided on a monthly basis for the maintenance work outlined in these specifications. The Contractor shall submit an invoice once per month based on the unit pricing, for a total of twenty four (24) equal payments for the life of the contract. Any approved incidental work shall be invoiced separately from the monthly maintenance cost and can be submitted any time after the work is accepted as complete by Parkways. There is no guaranteed quantity of any incidental bid items to be used for this contract. All bid items shall include all associated costs related to the item such as labor, material, equipment, fuel, insurance and related incidentals.

LIQUIDATED DAMAGES

Some scheduled maintenance items within the required specifications must be completed within a designated time frame. These schedules are important to the overall appearance of the Site. Once a certain task begins, the Contractor will have a set number of calendar days to complete the task to the satisfaction of the Jefferson Parish Parkways Department. As designated within certain tasks, liquidated damages may be assessed in an amount of **\$200.00** per calendar day for each day that the task remains incomplete. For example, mulch placement must be complete within seven (7) calendar days. If the Contractor takes nine (9) calendar days to complete the task, he may be penalized up to \$400.00 for the delayed completion.

PART I QUALIFICATIONS

MINIMUM REQUIREMENTS

All bidders must have the knowledge, resources and capabilities to meet the expectations of this contract. The successful bidder shall not put an undue hardship on Jefferson Parish staff due to a lack of experience with work of a similar scope and scale.

INDUSTRY STANDARDS, TESTS AND RECOMMENDATIONS

The following are standards, tests, and recommended methods that shall apply to this work:

- Occupational Safety and Health Administration (OSHA)
- Louisiana Department of Agriculture & Forestry (LDAF)

ONGOING CONTRACTS

It is possible that other Contractors may be working within close proximity to the Site. The Contractor shall coordinate his work with any other Contractors working in or around the locations. Should a conflict occur, a Parish representative will make all final decisions.

NUISANCE CONTROL

The Contractor shall include in his bid the control of dust, noise and odors created by his operations.

TRANSFERRING CONTRACTS

Transfer of this contract shall not be allowed under any circumstances unless an amendment is passed by the Jefferson Parish council.

PART III LANDSCAPE MAINTENACE PROGRAMS AND FREQUENCIES

GRASS CUTTING (MOWING)

The entire Site (improved and unimproved areas) shall have the grass cut a minimum number of times. The frequency shall be: a minimum of one (1) cut per every seven (7) days or once every week during the period of March 1 through October 31, and one (1) time per every two (2) weeks or fourteen (14) calendar days during the period of November 1 through February 28 (29) for the entire contract period. The grass shall be cut to a height of between a minimum of 1" (one inch) and a maximum of 2" (two inches) exposure. It is the Contractor's responsibility to visit each location to determine the quantity of turf to be cut. A total of forty three (43) cuts is required in calendar year.

Cutting shall be performed to such a manner to leave the Site with a smooth, level cut on the grass, conforming to the existing grade. No gouging, scalping or similar actions shall be permitted. All trash and debris must be removed from the Site prior to grass cutting.

Grass cutting may be accomplished utilizing push mowing units or ride on mowing units depending on the areas to be cut and the proximity of objects to the cutting areas. In constricted areas where a push type mower can be used, the cutting of grass by use of a weed eater will be prohibited. Each mowing cycle shall be performed on Thursdays and/or Fridays, weather permitting. No work shall be performed on Saturdays or Sundays without prior approval from the Parkways Department.

All prices must be held firm unless an escalation provision is requested in this bid. Jefferson Parish will allow one escalation during the term of the contract, which may not exceed the U.S. Bureau of Labor Statistics National Index for all Urban Consumers, unadjusted 12 month figure. The most recently published figure issued at the time an adjustment is requested will be used. A request must be made in writing by the vendor, and the escalation will only be applied to purchases made after the request is made.

Are you requesting an escalation provision?

YES _____ NO _____

MAXIMUM ESCALATION PERCENTAGE REQUESTED _____%

INITIAL BID PRICES WILL REMAIN FIRM THROUGH THE DATE OF _____.

For the purposes of comparison of bids when an escalation provision is requested, Jefferson Parish will apply the maximum escalation percentage quoted by the bidder to the period to which it is applied in the bid. The initial price and the escalation will be used to calculate the total bid price. It will be assumed, for comparison of prices only, that an equal amount of material or labor is purchased each month throughout the entire contract.
